Saturday, July 29, 1871.

Party Men, Independents, and Trimmers.

Every day brings the country nearer and nearer to party government; and every day shows more and more the necessity for the electors to be thoroughly versed in party discipline. If the electors had no interest in the doings of members after the latter were elected, there would be no necessity to do anything except to cast their votes for the men of their choice. But the matter is quite different. Electors return members to the Assembly to attend to the public business of the country, and to attend to private affairs. The members are the representatives of the electors,—the agents of the electors. It is the business of the members to make such laws as the people who elected them want; and to carry on the government in the way the people have pointed out. Hence we consider the elector to be the sovereign, the master; and that as such it is his business to indicate in general terms what he wants to be done,—no matter whether it be to make more provision for the better security of life and property,—the increase or decrease of the official staff,—a better school system,—more roads and bridges,—reduction of taxation,—or retrenchment in the public expenditure. Now the business being the electors', it becomes their first duty to select the proper kind of men to do it; and as we have already said indicate to them what to do. If the electors don't do so, we might just well have Irresponsible Government as Responsible Government. If they don't do so, they might just as well have no vote as possess one. The form of government however that now exists in the country by virtue of the New Constitution throws the entire responsibility of the management of public affairs, that is, the electors' business,—on the electors themselves. There is no shirking this duty now, except by altering the New Constitution, and resign their power into the hands of irresponsible officials. Now it is an acknowledged fact that the people of British Columbia have no notion of relinquishing their inalienable right to govern themselves; that they intend to have the government of the country conducted according to their well-understood wishes; and that the form of administration shall be Responsible or in other words party government. Such being the case,—party government being inevitable,—are the electors prepared to return party men or not? Are they prepared to return members who will give a liberal and generous support to the government or not? If they are not prepared to return party men, they are not prepared for party government; and without party men there can be no Responsible Governmet. That form of government rests on party, and without party it can have no force or vigor, and will be incapable of conducting satisfactorily the business of the country—the people's business. Let the people not forget that fact; and so govern themselves accordingly. At the ensuing election there will be several classes of men who will offer themselves as candidates to do the people's work. Now of these classes there is only one class to support, and that class true party men; for as we have already said, and no matter what may be said by designing persons to the contrary,—it will devolve on party men to conduct the affairs of the country. The next class of candidates who will try to get into the Legislative Assembly will be men who will call themselves Independents. Now what is an Independent? Is it anything but a name for a third party? Suppose that in this country there were, as there will be, two parties, the one called Liberal, the other Obstructive; the one the Government party, the other the Opposition. Now if a number of members be elected without being allied to either of these parties, they really constitute a third party, even though they may be called "Independents,"—and in our judgment would be the most dangerous class of members that can be elected. Every member, no matter what side of politics he may espouse, ought always to be independent enough to act patriotically; but every member of a party is not only patriotic but feels that it is his duty to stand by his party and assist in conducting the affairs of the country successfully,—and not shift from side to side and thus throw the government into confusion. At this junction in the affairs of this Province,—we want a strong government based on a strong and united party. But if the people elect so called Independents, men who set themselves up for Sir Oracles, and who say they will be prepared to vote on the side that they may think right, and who would shift from side to side as caprice, prejudice, interest, or ambition may dictate to them,—men who are really and practically nothing more than "Trimmers"—we say that if the people elect this class of men—the Independents or Trimmers—they will weaken the government of the day, endanger every public interest, and bring party government Responsible Government more quickly into disrepute than by any other means. The only safety then for the people,—the only guarantee that they can possess, that public affairs will be managed satisfactorily and beneficial to the country, will be a government erected on the shoulders of a strong and united party.

DEATH.

On the 28th inst., at his residence, Humboldt street, Modeste De Mers, Roman Catholic Bishop of Vancouver Island, aged 63 years.

The funeral will take place at the Cathedral, Humboldt street, on Monday, the 31st inst., at 9 o'clock a. m. The public are invited to attend.

Death of the Right Reverend Modeste De Mers, Catholic Bishop of the Diocese of Vancouver Island.

One good man, one of the best men who ever lived in this or any other country—Bishop De Mers—died yesterday morning at his residence on Humboldt street. Possibly there never was a man in the colony so universally popular as the Bishop. Everybody honored and respected him quite irrespective of religious or political opinions. His mission in the world was to do good; and no man ever devoted himself more conscientiously or more assiduously to his work than he did. He was born in Lower Canada, near Quebec, on October 11th, 1808,—was ordained a priest on the 7th February, 1836, and made the first Bishop of Vancouver Island on November 29th, 1847. He was either the first Bishop or among the first Bishops, made by His Holiness, Pius Ninth, the present Pope. His bishopric included the entire country from the 49th parallel north, to the Arctic Ocean, and from the Rocky Mts. west to Asia. In 1864, the mainland portion of this colony was erected into a Vicariate-Apostolic as it was too large for Bishop De Mers to attend to, and the Right Reverend Bishop D Herbomez, of the Oblate Fathers, was appointed Vicar-Apostolic of the Vicariate. Shortly after Bishop De Mers had been made a priest, he went from Canada out to Red River, from there he crossed the Rocky Mountains, via Jasper House into what was then known as Oregon, and which extended from California to Russian America and now includes Oregon, Washington Territory, British Columbia and Vancouver Island. If we mistake not he was accompanied from Red River by Bishop Blanchette of Oregon; and travelled with a party of Hudson's Bay Company's officers who were making their annual visit to Fort Vancouver. During the thirty odd years that he lived either as priest or bishop, he travelled among nearly all the Indian tribes on the North-West coast, submitting to all the privations of a pioneer missionary. As an instance, during one of the coldest winters ever known on this coast, when the cold was even so intense as to kill the elk in the neighborhood of Fort Alexandria, he wintered with Indians at what is now known as William's Lake, sharing their scant fare—chiefly roots, and imparting to them a knowledge of the first principles of Christianity. We are unable to give a narrative of the vicissitudes through which he passed as a missionary; but he came to Victoria about 1850, having been preceded by Father Lamfret, and occupied a house at the corner, opposite the Victoria Hotel, Government street, on the same side. There mass was celebrated till his late residence was obtained, although the first place in the city where mass was celebrated was nearly opposite the Victoria Hotel, in an old Hunson Bay Company building some few years ago burnt down. About 1854 Bishop De Mers visited Rome, and on his return brought back a number of relics. Whilst in Paris, the Society for the Propagation of the Gospel in Foreign Parts made him a present of a Printing Press with all the requisites for a printing office. These he brought with him, and consequently has the honor of having introduced the first printing press into British Columbia. He also was the first person who ever set up type in this colony; and the first thing that he printed was some visiting cards and some prayers. In 1858, he sold the press and type to Mr. DeCosmos. It is the same press that is now used to print the Cariboo *Sentinel*. Between 1859 and '61, we think he made another visit to Canada. In 1866 to 1868 he also visited Europe. But in 1870 he visited Rome for the last time, to attend the Universal Council to pronounce on the dogma of Papal Infallibility. For some years his health had been failing, and yesterday in his 63d year he died. He did much to advance the interests of the Catholic faith and of education in this colony and particularly in this city. Two churches have been erected here,—a prosperous mission founded in Cowichan; a Convent and Orphan and Collegiate School have been established,—besides other permanent institutions that owe their origin to his piety and philanthropy He is now however, no more,—his labor is over; but the remembrance of the good old Bishop will long be cherished by the present generation. His funeral will take place next Monday.

The Coming Boat Race between the Paris Crew (St. John's) and the English Crew.—A late New Brunswick paper is authority for saying, with regard to the coming great race, that the training ground of the Paris crew is daily visited by hundreds anxious to see how the crew are getting on in their practice. One or more of the backers and admirers of the crew are almost constantly in attendance to afford advice and assistance to the men, who readily second the efforts of their friends in everything that is calculated to ensure success in the coming race. English papers publish that Renforth and Kelly, two of the present Tyne crew, were recently beaten in a pair oared race by Winship and Taylor, two of last year's crew. Renforth and Kelly were the victors in a similar race rowed some months ago, and the reason given for their defeat on the present occasion is that Kelly was not "in condition." The men are matched for another race, to take place in July. This will delay the departure of Renforth and his crew for America. The four, it is said, have been rather unfortunate lately in their practice At one time Percy, the spare man, was disabled by a gathering on his hand, and subsequently Kelly was seized with a pain in his back and legs and obliged to give up work for some days. For the same reason he was prevented rowing in the four-oared race at the Tyne regatta.

The Carolena Case.—The case of the schooner Corolena, which was lately seized by Sergt. McMillan, by virtue of a warrant issued by the Stipendiary Magistrate of Victoria, charged with being engaged in carrying intoxicating liquor to be supplied to Indians of the Northwest Coast, was before the Court nearly all day yesterday, also. The two previous days were mostly occupied in examining witnesses for the prosecution, of which we before made mention. Yesterday the following persons gave evidence in connection with the defence, viz.: Geo. Nichols, J. Stanorich, Charley and Joe, Kitinat Indians; Capt. McNeil, Capt. Lewis, Ed. Williams, Jos. Paskero. Counsel for the defence sought to prove that it was to a half-breed the liquor was sold by Armstrong, the master of the schooner, but the preponderance of the evidence went to show that they were Indians to whom the spirits were supplied. The accused was convicted and fined $500, to be levied by distraint; in default of payment, 12 months' imprisonment. A voluminous amount of evidence was elicited, but for which we haven't space.

The Alleged Finding of Oliver's Body.—There is evidence in town to gainsay the statement that the body of the man which was lately found in the Skeena river was that of Mr. Oliver, (properly J. Gundersun), of Comox. Gundersun was known in Victoria, had hair of a very light color and curly, while that of the man found was long and black. Again, those who saw the drowned man say it was an Indian, but the Indians refused to bury it because (as they alleged) it was a white man. Oliver, too, was a short and stoutish man, while the body picked up and buried by the miners was that of a tall person.

Congregation Day at Cowichan.

Cowichan is never behind when pleasure-seeking and merry-making are on hand; and so it is only natural that the day that ushered in the new order of things should be appropriately celebrated by the jolly farmers of that thriving settlement. The marsh lands, so picturesquely situated at the head of Cowichan Bay, presented a lively appearance on that day, and the crowds of people who assembled there from all parts of the country to mark their approval of accomplished Confederation, showed by the heartiness with which they hailed the advent of Canadian domination that they anticipated coming events with trustful confidence; and that they hold the present period in the history of our country, frequent though it be with change and action, to be worthy a welcome with open arms. Beneath the shade of spreading trees more than a hundred persons sat down to dispose of—in the usual unceremonious manner peculiar to picnic parties—the array of good things provided for the occasion. After doing full justice to the luncheon table, the crowd sought the race-course and entered with spirit into the field sports, which proved to be the principal feature of the day's doings. The

NEVER FAILING CASUALTY

occurred at an early period, and for a short time cast a damper on the proceedings. During the first race a valuable mare belonging to Mr. Marriner fell and broke her neck. Her rider, thanks to the soft ground and his herculean physique, escaped with a few slight bruises. Mr. Jas. Kier was also thrown from his horse and dragged some distance by the stirrup, but was not seriously injured. While the games were in progress, Mr. Green, the photographer, succeeded in taking a splendid view of the scene. So every Cowichan farmer will be able to get a picture that will appropriately remind him of Confederation Day No. 1. The ball in the evening was a success; dancing was kept up till daybreak next morning, and the only trouble seemed to be that daylight came too soon.

Beneath we give the

LIST OF GAMES AND WINNERS.

Horse race, 300 yards; won by Mr. Bell's "Charley."

Hurdle race, 130 yards; won by Mr. Smithe. Second, won by Mr. Lapidge.

Flat race, 100 yards; won by Mr. Smithe. Second, won by Mr. Lapidge.

Standing long leap, 9 feet 10 inches; won by Mr. Smithe. Second, 9 feet 8 inches, tie, Messrs. Sollitt and Kier.

Three long jumps, 29 feet 9 inches, won by Mr. Smithe. Second, 28 feet 5 inches, Mr. Miller.

Hop, Step and leap; won by Mr. Kier. Second, Mr. Miller.

Running high leap, 4 feet 6 inches; won by Mr. Smithe. Second, 4 feet 3 inches, Mr. Kier.

Throwing slung weight; won by Mr. Smith. Second, Mr. Dods.

Putting heavy stone; won by Mr. Kier. Second, Mr. Curran.

Swimming race, 100 yards; won by Mr. Synge. Second, Mr. Wood.

Mdlle. Jeal & Co.'s Circus performed last evening to a crowded house—the performance gave universal satisfaction to the audience, the large audience to the proprietors. Many of the pieces exhibited were new in Victoria, and most of the acts were better executed than we have seen in Victoria or elsewhere, in truth the company, we think, is the most superior that has deigned to visit this out of the way place. We will refer only now to Miss Jeal's horsemanship, the slack rope walking, the globe ascension on an inclined plane. Another evening's entertainment will be given to-night. There will be a matinee this afternoon, for the accommodation of ladies and children. A full programme will be offered, the same as at an evening performance.

From the East Coast Settlements.—The Douglas arrived yesterday at 5 p. m., with some live stock, farm produce, furs &c., and fifteen passengers, from Comox, Nanaimo, Cowichan, &c.—Mrs. Young, Mrs. Eaton, Miss Woods, Surveyor General Pearce, Messrs. Robb, Jessop, Bingbay, Dawes Two days rain which fell during the trip of the Douglas would be found beneficial to the farmers. The grain crops look well. At Comox the bridge is completed to the satisfaction of the Surveyor General, who has just come down. The road party will return by next steamer to build the bridge to cross the Kokisalah, and when finished the men will go to Chemainus. At Nanaimo the only vessel in port is one loading stone for San Francisco.

A Gala Night at the Theatre.—The Theatre will be made a centre of attraction to-night by Mlle Cora the renowned female magician, and her assistants. All of her best acts of jugglery legerdemain, &c., will be brought out, and to cap the climax the financial tricks—only, the distribution of a $20 prize a $15 prize and a $10 one with something like a hundred minor ones, will add to the interest of the evening. Admiral Winslow and staff will occupy one box; Admiral Farquhar and suite an opposite box of the theatre—just think—? two live Admirals.?"

Personal.—Among the passengers who left per steamer North Pacific yesterday were Messrs. Horner and Maitland, two English gentlemen, who came here some weeks ago on a visit, and who are now on their way back to England. With all the tourists who have visited us they speak in the highest terms of the place and its inhabitants, and they hope to visit us again ere long.

Lying in State.—The remains of the late lamented Bishop Demers will lie in state at the Catholic Cathedral, Humboldt street, today and to-morrow. The public are invited to visit them. The funeral will take place on Monday morning at 9 o'clock. He will be buried in the Cathedral.

Circus Parade.—The Circus Troupe promenaded the streets yesterday, creating a sensation. Twenty or thirty horses, with riders and attaches, and a brass band sitting in the silver chariot, attracted attention and caused most persons to run to their doors to have a look at the imposing cavalcade.

That Postmastership.—The *Colonist* must be wrong in ascribing to any one but a "carpet-beggar" the position of Postmaster General. A post of some sort is wanted, and we are reminded that a post-man's would be the most suitable cause the *Colonist* already knows how to blow a horn.

For Portland.—The Geo. S. Wright, Capt. Rogers, will leave for Portland, touching at Port Townsend for the mails and passengers of the California, at two o'clock precisely, this afternoon, from the Hudson Bay Company's wharf.

The Enterprise, with the Cariboo mail, treasure, and Gerow & Johnson's express, will arrive here this afternoon. Mr. John Trutch will be on board from Giscome Portage.

Business.—To keep pace with the times Mr. Francis of Fort street has had the adjoining store to that occupied by him, added in order to make room for his increasing business.

The Deluge hand engine was out for a wash last evening.

Lake School Examination.

The semi-annual examination of Lake School, of which Mr. W. Gibbs is master, took place yesterday, before the members of the Board of Education. The number of children present was 16. The examination consisted of written papers, embracing mathematics, geography, history, etc. Mr. Geo. Lindsay, Chairman of the Board, distributed the prizes, which were adjudged as follows:

FIRST CLASS.

1st prize, T. James Lindsay; 2nd, C. N. Spotts; 3rd, F. Spotts.

SECOND CLASS.

1st prize, Maria Clanson; 2nd, Albert Spotts.

THIRD CLASS.

1st prize, F. M. Smallbone; 2nd, Minnie Lindsay.

FOURTH CLASS.

1st prize, Annie Stevens; 2nd, David Stevens; 3rd, Annie Manson; 4th, Flora Smallbone.

The school-room is furnished with twelve of Arrowsmith's fine school maps, round which were hung festoons of flowers and evergreens; combined with the holiday attire of the children, the *tout en semble* at once presented a picture of order, neatness and intelligence. The visitors warmly eulogised the teacher in respect of the progress made by the children; and the members of the board, for their zeal and energy in all matters pertaining to the school.

Arrived.—The ship Helen Morris Captain Buttler, arrived in Royal Roads on Thursday evening thirteen days from San Francisco. She goes to Burrard Inlet to load lumber for the construction of a dry dock at Valparaiso, one of the projectors of which is in town at present.

Saanich.—The heavy rain which fell on Thursday, marred the enjoyment anticipated from the picnic at Mr. Brown's, of North Saanich, on Confederation Day. But a few persons assembled, we are informed.

The Railway.—An interesting letter with regard to our railway—taken from the Government organ at Ottawa—appears in the Standard of to-day.

The steamer Isabel left yesterday afternoon to tow the ship Helen Morris from Royal Roads to Moody Dietz & Nelson's mill Burrard Inlet.

For New Westminster.—The Enterprise left yesterday morning for New Westminster, She had but few passengers, and a small freight.

For Puget Sound.—The North Pacific left yesterday morning at 12 o'clock, for Olympia and way ports, with a fair number of passengers.

The California was passed off San Juan yesterday afternoon, on the way from Sitka to Port Townsend.

Inspection.—The gunboat Boxer will be inspected by Admiral Farquhar to-day.

Extracts of "Box's" Letter to the P. T. Message.

The writer of the letter above referring to refusal of the Governor to assist the Committee for the celebration of the 20th observes:

* * * * *

This patriotic address was cut short by his Excellency who replied: "Aw, upon my honor, gentlemen, but I am sorry, you know; I only get twenty thousand dollars a year, you know; but really I am very sorry, but I can't afford, you see. I broke my leg in the colony which prevented me from attending to the wants of the people, you know—." (Committe, with very long faces, whisper to one another, "hang him; wonder if he is going to refuse.") "And now you see, I have lost my situation, you know, and only got ten thousand dollars to leave the colony; but I am very sorry, gentlemen, but" (Committee becoming very impatient,) "you see—you know—I really cawn't afford it. I've ordered Mr. Franklin to sell my carriages, horses, etc." (Committee aside, "which the colony had to pay $10,000 more for.") "But, you see, my doctor's bills are very large, you know, and as I broke my leg in the colo—." The Governor did not finish the sentence, as by this time there was only one member of the committee in the room. Of course the remaining member thanked his Excellency for his most liberal patronage,

* * * * *

Writing of the Mechanics' picnic, he remarks amongst other things: A foot-race by 12 young ladies was very interesting, as more than half of them fell down before they reached the winning post. But the most important feature of the day was an

ORATION

by the Hon. Mr. DeCosmos, which was well received by the audience. The stand then was occupied by Mr. Fell who delivered an eulogy on cheese, chickory and confederation, which brought forth roars of laughter from the assemblage. I noticed several members of the House listening very attentively to Mr. DeCosmos' oration, at the conclusion of which DeCosmos & Fell went and took brandy and soda, while Higgins, Robson & Co. took water. The immortal Bunster was *non est;* it is presumed he did not brew for this occasion. In the evening there was a grand display of fireworks and balloon ascensions, and dancing was continued until midnight. Councilor Fell appeared to be the leading personage in almost every incident of the day. In the middle of the afternoon "the wizard of the North," with mask and mace, divined some fearful prophecies of past, present and future, for the sum of 50 cents each, to those who had the hardihood to consult his sable majesty. Various were the conjections as to who the "wizard of the north" was. At last it leaked out that it was none other than Fell, who had donned the magic garb to personate his august hugeness. Presently the cry was raised, "Fell, the imposter! Fell, the ubiquitous! Fell, the devil!" and 50 or 60 very healthy looking fellows lifted the wizard and his house from the ground, and would have sent him on a voyage across the Straits of Fuca if the chief of police, Bowden and posse, had not promptly made their appearance and rescued the magician from * * *

The author then speaks of a "grand foot race" for *six bits* in which none but Canadians were allowed to enter — and so on.

Trading without License.

Editor Standard:—Why are persons allowed to come here and hawk around the streets, books, stencil plates, furniture polish, etc., without complying with the law which compels the taking out of a license for such purposes, which our resident merchants are required to pay; and they being residents it is for their interest to sell nothing but the best articles? Who are neglecting their duty? I see in the *British Colonist* an article puffed as a polish for furniture, which may be had of a pedlar for 50 cents a bottle, and who pays no license. I bought a bottle, and I can get better and four times as much at the druggist's, for half the money.

SPECIAL TO THE DAILY STANDARD.

LAST NIGHT'S DESPATCHES.

CALIFORNIA.

San Francisco, July 27.—Nothing will be left undone to make the Republican demonstration on Saturday evening the most important seen here for years. A special steamer leaves Sacramento on Saturday morning, to convey parties attending at excursion rates.

Parties have made arrangements to import a considerable number of fine wool Australian sheep, to improve the breed in California.

The proprietors of the Mechanical Mills, burned on Saturday last, have leased the large mill on Berry street, and will resume work to-morrow.

Notwithstanding the positive denial of interested parties, the rumor that the old and new gas companies have agreed to consolidate is averred, and parties who ought to know assert positively that the arrangement was made some weeks since.

At the trade sale of Japanese teas to-day the bidding was not very lively, and prices realized are too low to be satisfactory to importers.

Stocks continue to decline.

Sutter Creek, July 27—The fire in the Badger shaft of the Amador mine was completely extinguished by 2 o'clock this morning. The damage done was very trifling and there are no indications of a fresh outbreak.

San Francisco, July 28—Major G. M. Brownson, 1st regiment National Guards, late in command of the troops at Sutter creek, died this morning, from fever induced by cold contracted while in camp. He was Assistant Secretary of State Harbor Commissioners; was widely and favorably known as a citizen and a soldier.

Von Schmidt's dam, at the outlet of Lake Tahoe, will be completed in a few days. It is understand that the injunction suit which caused him to suspend work has been amicably arranged, and work is now resumed. The preliminary surveys for the tunnel location will be completed this week, and Col. Von Schmidt will then return here to organize his force for the immediate prosecution of the work.

Weather warm and fine.

OREGON.

Portland, July 28.—Weather to-day clear. Had a light shower yesterday, but not sufficient to interfere with harvesting.

The steamer Oriflamme sailed from San Francisco yesterday for this port.

Laborers are scarce. It is said 300 men could find employment on the Northern Pacific Railroad. The demand for farm hands is also lively.

The bark Skiddaw, from Newport, Wales, laden with iron for the Oregon and California Railroad Company, arrived here last evening.

The first spike of the West Side Railway was driven yesterday.

Quite a number of Scandinavian families, from the Sound, have joined the Colony at Gray's Harbor.

The Eastern line being down yesterday there was no morning report.

EASTERN STATES.

Washington, July 28—The Commissioners of Internal Revenue have offered a reward of $5,000 for the detection of the murderers of Assistant Assessor Clinton Gilbert, in the recent raid on illicit Brooklyn distilleries.

Boston, July 28—Benj. Allstalli, who was arrested for alleged robbery of the Dominion Bank, Toronto, was discharged to day, as under the Extradition Treaty, he could not be held.

There was a meeting of the Temperance Alliance to-day. The merits of the several candidates for Governor was discussed. Rev. A. Marion said he had talked with General Butler, who would soon publish a manifesto, wherein he would plant himself firmly on the prohibitory platform. In case of his nomination and election, if Boston cast her vote against him, he would make the city as hot for rumsellers as he made New Orleans for rebels. There was a disposition to endorse the General, but the Alliance finally decided to await his written pledge.

General Despatches.

San Francisco, July 23.—The Democratic ratification meeting last night was a greater success than was anticipated. From four to five thousand persons were in the hall, including many ladies. The street in front was densely packed for two blocks. The transparencies were numerous. W. T. Coleman was President, with seventy citizens as Vice Presidents. Governor Haight made the opening speech, and received tremendous applause. He began with giving his reasons for becoming a candidate for re-election, alluding to the slanders and insults which had been heaped upon him, and expressing his determination to appeal to the people, whom he had endeavored to serve faithfully, for his vindication. The charges affecting his personal integrity he would treat with contemptuous silence, but his official policy and acts he was ready at all times to discuss. He went over the principal political incidents of his term, devoting particular attention to the subsidy question, on which he had never occupied an equivocal position. Throughout he received frequent and hearty applause, and when he concluded the applause was loud and long, and three times three cheers were given for the present and next Governor of California.

Hon. Eugene Casserly followed with a sharp review of the Republican administration of national affairs, and paid particular attention to the Chinese question, Kuklux and Civil Rights bills.

Attorney General Jo. Hamilton made a very humorous and telling speech, and the meeting adjourned with enthusiastic cheers for the ticket.

San Francisco, July 24—After refusing to allow visiting physicians, or any surgeon suggested by the Chief of Police, to examine Mrs. Higby, otherwise Lisle Lester, to determine whether she had actually received any injuries or not, until Saturday night last her physician, Dr. Albertson, went to the Chief and requested that all inquiry into the alleged assault upon her be dropped, as all traces of the blow had then disappeared, and a dozen physicians, if they examined, would find nothing to decide upon. The police had in the meantime unearthed the fact that she was the woman who, a year or two since, at Salt Lake City, created quite an excitement by claiming to have been shot at by somebody as she was walking alone in the evening in that city, the ball passing through her chignon without hitting her head, and various other facts of a sensational character.

Madame Agatha States received a perfect ovation this evening on her first appearance in the opera at San Francisco, since her departure for Europe six years ago. The stage was fairly covered with bouquets, and the applause was long and enthusiastic. The Metropolitan was packed, at least 200 ladies finding seats in the parquette. She has very much changed in personal appearance since her departure, and her voice is mellower, clearer and more delicate and sympathetic.

Some of the testimony before the Investigating Committee of the Board of Supervisors is very rough. The tendency generally was to exculpate Sheriff White. One witness testified to alleged facts regarding the treatment of female prisoners in the calaboose, which, if corroborated, will create some excitement. The details are unfit for publication. The investigation is still going on.

The Secretary of the British High Commission at Washington advertises in the *Bulletin* for claims of British subjects against the United States growing out of our civil war to be presented under the Treaty of Washington.

It is rumored that the old gas company and the new city gas company have arranged for a compromise and consolidation after the latter has spent over a half million dollars in erecting works to deliver gas at reduced rates.

San Francisco, July 24.—A petition for the nomination of a (Republican) Legislative ticket by delegates to the Convention without recourse to primaries is being very generally signed, and the movement promises to be a success.

W. H. Dall, who arrived overland yesterday, is said to be organizing a scientific expedition to Alaska under Government auspices.

Work of clearing away the debris on the ground swept over by the great fire Saturday evening, has commenced. The total loss will reach nearly $275,000.

Paris, July 24.—The municipal election in this city yesterday resulted in the choice of 6 Republican Conseveratives and 49 Moderate Rebublicans. The vote was very small.

The Court Martial for the trial of Communists at Versailles has adjourned.

Bonvallo is among the successful candidates in election on Sunday.

Heavy payments toward the second half milliard of the indemnity have been effected.

It is reported that Favre persists in his resignation because the petition of the Bishops urging Government to support the temporal power of the Pope has been referred to the Minister of Foreign Affairs.

The steamship Auckland has been totally wrecked on her voyage to Sydney. Crew and passengers all saved.

The meeting at Hyde Park yesterday was a failure. Heavy rain prevented any considerable crowd from assembling.

Prince Frederick William has arrived at Osborne.

The Emperor and Empress have gone to Birmingham.

New York, July 24.—At a meeting of the French Section of International Workingmen's Association of this city, held yesterday, the subject of the recent riot was discussed. Resolutions were passed recommending the suppression of all processions except those which commemorate purely American national events, and censuring the authorities for their course in relation to the previous riot.

The General Sheridan Club of the Irish Confederacy yesterday adopted resolutions characterizing the firing by the militia on the mob on the 12th inst., as the foulest blot on the civilization of the nineteeth century.

Salt Lake, July 24—The Mormons celebrated to-day, the 24th anniversary of the entrance of pioneers into this valley, by a procession, oration, etc., at Ogden The people gathered in from the different settlements in all parts of Utah. A great many went from here as there was no celebration in this city. The procession is said to have been over one mile in length. Daniel H. Wells was orator of the day. Everything passed off quietly.

It is reported to-day that Gov. Woods issued orders to prevent the Nauvoo Legion from parading, although they were to turn out without arms. If such an order was issued it was not enforced, as the Legion marched in procession. All Mormon stores and banks closed in the city to-day, in honor of the event.

A great many Californians are to be seen on the streets daily, particularly operators in mines and mining stocks. Among the most noted are Lent, Head and Hillyer. The hotels are crowded, and the general appearance of the city is very lively.

The Canadian Pacific Railway.

To the Editor of the Ottawa Times.

Sir,—In common with the great public concerned, I am glad to learn, and, in a measure, personally see, that unexampled energy has been displayed by our Government, by its efficient staff, to prosecute this great work to completion as soon as possible. Although over 800 miles of the proposed line is through a comparatively unknown region—unknown to authentic record—Mr. Sanford Fleming, the Chief Engineer, has in a manner difficult to conceive in its special difficulties, organized, *instructed*, provided depots, and indicated "bench" marks for working, and systematised all details for effective work, throughout the whole or most of the length of line proposed, from the Ottawa to the Pacific Ocean, with the exception, for the present, of the prairie regions, which, as a *tabula rasa*, requires no exploration, admits of an air line of one thousand miles, with a grade average, and almost unvaried, of only two and a half feet to the mile. In British Columbia, between the Fraser and the Leather Pass, and the Edmonton House Pass, is a "sea of mountains," a vast volcanic region of ancient working, and deusely covered in parts with the heaviest of Northern forests. Parts of this region, to be surveyed, are literally to human foot, an untrodden wild. The Cascade range, between the Fraser and the ocean, has also to be thoroughly surveyed in order to find some practicable gore for the railway to ocean at some point suitable for a seaport, for, as Governor Musgrave says, the "gorges of the Cascades have a great deal more to say on that point than any one else." (See page 22 of Parliamentary Return—Dominion—of last session, on this subject.)

No less than 18 surveying parties, viz., eleven for this side of the Rocky Mountains and seven for British Columbia have been despatched, and some on the Montreal river and elsewhere are now at work. The selection of engineers and surveyors (transit men") seems to have been made with great care and from a wide area, and seem to be "picked men" for the special service.

The question is asked of me sometimes,

"When will or can the work be done?" I answer, of course I don't know, but I think in far less time, comparatively, than any great work has been done in the world, for British gold and the "navies" of Europe and Asia (Chinese and Japanese) will be the instruments of Britain's hurrying commerce.

The great work is fairly under weigh. By next winter we will have reports as to the feasibility and relative merits of routes proposed.

Yours.
BRITANNICUS.

To the Electors of the Electoral District of Yale-Lytton.

GENTLEMEN:—In reply to your request, I have much pleasure in coming forward as a Candidate to represent you in the next new Legislative Assembly, and to make short work of it, my political views are:

Canadian Tariff, Repeal of Civil List Act, Repeal or Radical Amendment of Registration Act, Liberal School System on a non-secterian principle; the construction of Roads, bridges and Trails, in the different districts both mineral and agricultural. And to faithfully attend to the best interests of my constituents and promote the general welfare.

I am gentlemen, yours faithfully

ROBT. SMITH,
Lytton, B.C., June 22, 1871. of Lytton.
je29 daw

To the Electors of Yale-Lytton District.

GENTLEMEN:—I have the honor to acknowledge the receipt of your requisition, and in accepting the honor you wish to confer on me, I will endeavor, to the best of my ability, to carry out your wishes and opinions.

I am not in favor of pensioning the officials, and will advocate the repeal of the Permanent Civil List Act. I will also vote for the repeal of the Qualification and Registration of Voters' Acts, as they are, in my opinion, unjust and unsuited to the people of this colony. I will resist any attempt of monopoly. I am in favor of an enlarged system of education.

In conclusion, I assure you that it will be my duty to advocate economy in every department of the Government, and to suppor that policy best calculated to benefit the colony, that I will act in unison with the liberal and progressive party, whose principle it is to extend the power of the people and to remove those injurious laws, which are so degrading to the community.

I have the honor to be, gentlemen,
Yours very respectfully,
1y10 W. H. SANDFORD.

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, o that all my countrymen similarly affected may visit and find relief.
